

Item 1 – Introduction: Is an investment advisory account right for you?

Lewinter Wealth Advisors, LLC is registered with the Securities and Exchange Commission as an investment adviser. Please be aware that brokerage and investment advisory services and fees differ and that it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

Item 2 – What investment services and advice can you provide me?

We offer investment advisory services to retail investors. Our principal services include Portfolio Management Services and Financial Planning & Consulting Services. As part of our portfolio management service, we provide continuous and regular supervisory and management services with respect to your account(s). If you open an investment account with our firm, we will monitor your investments on an ongoing basis and will review your account at least annually. We primarily manage investment accounts on a *discretionary* basis where we *will decide* which investments to buy or sell for your account. In our sole discretion, we may accept instructions from you that limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account). In limited circumstances, we offer non-discretionary management services where we will provide advice, but you will ultimately decide which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis. We may advise you on any type of investment that we deem appropriate based on your stated goals and objectives. We may also provide advice on any type of investment held in your portfolio at the inception of our advisory relationship. Since our investment strategies and advice are based on each client's specific financial situation, the investment advice we provide to you may be different or conflicting with the advice we give to other clients regarding the same security or investment. We require a minimum of \$1,000,000 to open and maintain an advisory account. At our sole discretion we may waive this requirement.

Conversation Starters. Ask your financial professional—

- ❖ *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- ❖ *How will you choose investments to recommend to me?*
- ❖ *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Item 3 – What fees will I pay?

Our fees vary depending on the services you receive. Portfolio management fees are based upon a percentage of your assets under our management and are typically payable quarterly in arrears based on the average account value during the relevant quarter. The more assets there are in your advisory account, the more you will pay in fees. Therefore, we have an incentive to encourage you to increase the assets in your account. For financial planning & consulting services, we charge a negotiated fixed fee or a fee based on our hourly rate. Our fees are negotiable depending upon the complexity and scope of the service, your financial situation, and your objectives.

Description of Other Fees and Costs: The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by investment companies (i.e., mutual funds, exchange traded funds, unit investment trusts and variable annuities). These fees are described in each fund's prospectus. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the custodial broker dealer that executes the trade. The custodial broker dealer may also charge your account for custodial fees, retirement account fees, trust fees, exchange fees, redemption fees that may be assessed on investment company shares, transfer fees, account termination fees or other special service fees and charges. We do not share in any portion of these fees imposed by the custodial broker dealer. To fully understand the total cost you will incur, you should review all the fees charged by investment companies, broker-dealers, our firm, and others. **You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.**

Conversation Starter. Ask your financial professional—

- ❖ *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means:

- All investment advisers face conflicts of interest which are inherent in the business. Our source of compensation is through asset-based fees. Therefore, we are incentivized to acquire new clients and to increase assets under management.

Conversation Starter. Ask your financial professional—

- ❖ *How might your conflicts of interest affect me, and how will you address them?*

For additional information, please refer to Items 4, 7, & 13 of our Form ADV Part 2A at the following link:
<https://adviserinfo.sec.gov/firm/brochure/155921>

How do your financial professionals make money?

The financial professional servicing your account(s) receives salary-based compensation, along with revenue from profits generated by our firm. Since our firm's fees are primarily based on the amount of assets under our management, there is an incentive to encourage you to increase the assets in your account(s).

Item 4 – Do you or your financial professionals have legal or disciplinary history?

No.

For a free, simple search tool to research us and our financial professionals please visit Investor.gov/CRS.

Conversation Starter. Ask your financial professional—

- ❖ *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Item 5 – Additional Information
